

IRCAD: INNOVATION & EXCELLENCE FOR SURGERY

The IRCAD offers an exceptional training facility, welcoming over 7,200 surgeons from all surgical specialties every year. It is considered one of the leading surgical education providers in the world in the field of minimally invasive surgery. With the world's top experts, the perfect mix between theoretical sessions and hands-on practice, and the latest generation of robots, the IRCAD experience will answer all your needs.

FULL IMMERSION IN GENERAL SURGERY

The most popular course in IRCAD is intended for all surgeons who are graduates or in training and who wish to update or discover the latest technological and technical advances in laparoscopy. This course opens a perspective on the most common interventions in laparoscopic surgery which are presented and discussed in plenary meeting and applied during the many training sessions on live pig models.

In the morning, participants will attend theoretical courses on different aspects of general surgery. Four experimental laboratory afternoons with training on live tissue will give the laparoscopic surgeon a broad perspective of the technique as well as the practical know-how essential to good clinical practice.

UNIVERSITY DIPLOMA IN LAPAROSCOPIC SURGERY

Evaluation through theoretical exams and practical tests at the end of the Intensive course session leads to the delivery of a "University Diploma in Laparoscopic Surgery" awarded by the University of Strasbourg. The diploma fees (around 430 Euros) are to be paid on the spot by check made payable to "University of Strasbourg" or in cash. No payment by credit card will be accepted.
